

# FUN with Your Dog

Can't or don't want to take your dog outside? Try these indoor games with your dog.

All dogs need exercise, even when there is inclement weather or you just don't feel like going outside. Try playing some of these indoor games with your dog to keep him healthy and happy. In addition, playing with your dog, like training him, enhances the bond you share and helps him keep his focus on you!

## WHERE'S THE TREAT?

Put your dog in a SIT/STAY or DOWN/STAY about 10 feet away from 3 or 4 buckets or cups, then make sure he can see you place a treat or toy under one. Then say WHERE'S THE TREAT? Give him his reward, and lots of praise, when he finds the correct bucket. You can up the difficulty level by changing the position of the buckets after you place the treat or pretending to put treats under multiple buckets.

## NAME THAT TOY

Gather a group of toys that are noticeably different. Hold one up for your dog to sniff and see, get him excited, and throw it, saying WHERE'S YOUR [TOY NAME]? When he comes back with it, give him lots of praise, then repeat with the other toys, staying consistent with your naming. Once he has mastered a few names, set out multiple toys and tell him which to get.

## FIND IT!

Put your dog in a SIT/STAY. Show your dog a toy or treat and put it on the floor so the dog can see it. Say FIND IT! Continue and vary treat placement, or, for a real challenge, set up a roomful of hidden delights in advance. Watch your dog as he searches, and tap your foot and give an OOH or gasp to get him excited about the ones he's missed.

## STAIRWAY TO HEAVEN

Put your dog in a SIT/STAY next to you at the bottom of a staircase. Throw your dog's favorite toy to the top of the stairs. Say FETCH or GET IT. After he dashes up the stairs and grabs the toy, call him to COME, ask him to DROP or RELEASE, and repeat as above until your dog starts to tier. **(Note that this is not a good game for puppies, as their joints are still developing, or dogs prone to injury.)**

## RECALL REPRISE

This game requires two people, a couple of feet apart, each with a handful of treats or kibble. One person calls the dog

to COME, giving praise and a treat when he does. Then the other person calls. Praise and treat. Both people take two steps backwards. Repeat. Every fourth or fifth time, use praise only. See how far apart you can venture.

## CLEAN UP!

Have your dog pick up a toy while you hold the toy box up to him. Tell him to DROP IT. When he does, give him lots of praise. Repeat with the next toy. Once he gets the idea, put the toy box on the floor and guide the dog over to it and say DROP IT.

## COME WHEN CALLED

Call your dog to COME, put him in a SIT/STAY, and then move away from him. After a minute or so, call him to COME again, and repeat. Try to increase the distance you move away and the length of time before you call your dog. This game is great for dogs with attention-seeking behaviours, as it teaches them to wait for your commands.

## CIRCUS CLOWN

Start with your dog on a lead. Place a pole or stick just barely off the ground, and have your dog walk over it. As you raise it each time, you will need to move him back and let him get a running start. Give him lots of praise every time he jumps over. Once he masters the pole, try a Hula-Hoop!

## HIDE & SEEK

Have your dog STAY in one room. Go into another room, hide and call your dog. Try not to give away your location by laughing!

## WORK FOR YOUR DINNER

Treat-rewarding puzzles, such as the Buster® Food Cube, Canine Genius® connectable toys, or the Wobbler by KONG®, make your dog work for his treats—or you can use kibble with the toys to feed your dog his entire meal.

Remember that basic obedience is the foundation for having fun with your dog—games and tricks should be a fun and rewarding bonding experience, not a stressful time, for you and your dog.
